René Caovilla

“Vild Mad” (“cibo selvatico” in danese) è l'app by René Redzepi per imparare l'arte del “foraging”

rocce incastonate come gioielli, décolletée rigorose camminano su tacchi fluffy, ankle boot “verticali” sembrano ricoperti da un prato tirato a lucido. *V.P.*

Musk, lichens, wild roots, and microorganisms that are more or less fibrous. Starred chefs around the world have been using them for years, such as René Redzepi who has mastered the art of foraging for wild foodstuffs. Also following the trend are artists, architects (soon Utrecht will have its own *Bosco Verticale* with its
